DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: No prior art uncovered anticipates or renders obvious applicant(s) claimed circuitry including a first snubber circuit coupled between said control terminal of said first synchronous rectifier and said second end of said first secondary winding, and a second snubber circuit coupled between said control terminal of said second synchronous rectifier and said first end of said first secondary winding, wherein, said first and second snubber circuits provide faster transition of said first and second synchronous rectifiers, respectively, between on and off states.
2. Further, no prior art uncovered anticipates or renders obvious applicant(s) claimed circuitry and method including absorbing charge across said first and second synchronous rectifiers during respective off states of said first and second synchronous rectifiers, and injecting charge into said control terminals of said first and second synchronous rectifiers during respective on states of said first and second synchronous rectifiers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Allowable Subject Matter

1. Claims 1-17 are allowable over the prior art of record.
